TERMS & CONDITIONS:

- The method of ultrasonic teeth cleaning is highly effective in removing tartar, improving gums, breath odour and overall oral health. Simply The Pets cannot guarantee the results, effectiveness or suitability for individual pets due to varying external factors. If dogs become distressed or we discover anything likely to cause discomfort to your pet, we will discontinue immediately. The best approach to solve this will then be discussed with you.
- Each pet will have its own toothbrush head that will not be used on another dog. The initial tooth brush head will be supplied as part of your initial consultation, and it will need to be replaced after approximately. 25 treatments or sooner if required. Some pets may chew the brush head. If this is excessive, it may need replacing sooner to maintain effectiveness. Brush heads will require replacing after 1 year, regardless of the number of times they have been used.

Toothbrush heads cost £8.00 each to replace.

- If we feel any teeth are loose or at risk of becoming loose when the tartar comes off, we may request that you get your pet's teeth checked by your veterinarian before treatment.

The tartar buildup may be too great, and then a veterinary dental may be necessary initially and then follow up with maintenance visits with us.

- **Simply The Pets** cannot be held responsible for any problems occurring from poor dentition before, during or after any teeth cleaning treatments.
- **Simply the Pets** ultrasonic teeth brushing using the Emmi-Pet is not a veterinary procedure, and Simply the Pets cannot diagnose any veterinarian problems with your dog's mouth. Please have any concerns checked by your veterinarian.
- **Simply the Pets offers** 3 types of treatment plans:
 - The cost of the *pay-as-you-go subsequent/maintenance* treatment visits will be charged at each appointment.
 - The cost of the *prepaid plan / oral routine treatment* must be paid in full at the initial consultation.

The cost of direct debit/maintenance treatment visits at £30.00 a month for 2 visits, so getting one free, if both are not used, they cannot be carried across to the following month.

I understand that the effectiveness of the ultrasonic teeth brushing using the Emmi-Pet is based on **frequency** and that optimum oral health might only be achieved by keeping to the frequency recommended by Simply The Pets.

By signing these Terms and Conditions, I confirm that I have read and fully understand all the information Simply The Pets has provided to me.
